**In making this application, I understand that:**

- Admission to a place in any subject is at the discretion of the College and subject to viability in terms of class size as deemed appropriate by the Principal.
- Admission to Year 13 will only be granted if the school does not exceed its approved enrolment number for the year in which application is sought.
- In the opinion of the Board of Governors, admission would not prejudice the efficient use of the school's resources.
- Where a student's choice of subjects is deemed inappropriate, whether on the grounds of previous academic performance or careers guidance advice from the College, an interview will be required to review subject choices.

**In making this application, I agree to the following requirements:**

- Academic progress which entails planned independent study (use of study periods in school and a daily schedule for home study).
- Strict adherence to deadlines for Coursework, Projects and Assessments.
- Serious commitment to the College Ethos and regulations, including attendance, punctuality and appearance.
- Development of extra curricular interests – commitment to becoming involved in the general life of the College.

**I have read the Admissions Criteria and wish to apply for entry into Year 13 in Lumen Christi College. I understand that entry to AS courses in Year 13 does not in itself guarantee entry to A2 courses in Year 14.**
