- Update on litter rota for 2018/19; 13A and 13B will complete the litter collection this week as last week Storm Ali meant it was unsafe for a collection to be completed. - Update on the fenced area near the bus bay – appropriate woodland bulbs are being sourced and hopefully Conservation Volunteers will visit the site next week to draw up a plan of action.
- Design for hi-vis vests – update from Magali, Eisa and Niamh.

With no other business to attend to, the meeting ended at 4:30pm.
